Chicago, Feb. 28.-Unusual scarcity of corn here with the winter crop movement at an end has given much impetus this week to price upturns in the corn market. Compared with a week ago, corn quo-tations this morning varied from %c off to 4%c advance, oats were unchanged to %c@%c higher, and provisions down 10c to 45c.

are considering securing some vaudeville talent, which will en

At times all other considerations in regard to corn were eclipsed by the fact that receipts continued scanty and that no big accumula tion in Chicago or any of the leading termirels was now expected. Speculators who had sold corn eavily on account of weakness in sterling exchange and owing to bearish opinions about the economic outlook were forced to cover on a rising market. Withdrawal of an exchange rule that no individual interest in the market should exceed 200,000 bushels failed to stop the advance, which was further Later, however, something of a reaction took place because of gos-sip that the upturns in values had perhaps been great enough to dis-lodge rural holdings.

Oats were governed by the ac Decreased employment at the

nacking houses was apparently significant of the slowness of trade in provisions.
